

ADV-120

Fraud Report

Fight the Fraud That Leads to Repurchase Requests

Mortgage fraud takes many forms and requires diligence to prevent. But knowing what and where to check can be overwhelming. ADV-120 is a comprehensive fraud solution that leverages the strongest data available in the market to verify all borrower information - helping you mitigate risk, reduce costly repurchase demands, and enhance the health of your portfolio.

Investor-Approved

Gain peace of mind knowing that our ADV-120 solution complies with secondary-market standards and is powered by the strongest data available in the market.

Integrated Solution

Stop wasting time accessing multiple sites to complete your verifications. Get everything you need in one, quick, convenient report right through your LOS.

Fully Customizable

Our solution is tailored to your unique, risk-tolerance criteria.

Comprehensive Verifications

Minimize risk of default or repurchase requests by instantly assessing a multitude of risks associated with the mortgage application, including borrower, employer, property, and loan participants.

Saves Time & Effort

Reduce valuable underwriting time with the help of a single product and experienced vendor dedicated to improving your operational efficiency and minimizing costs.

More Than Just a Score

At Certified Credit, we deliver more than just a score. We provide industry-leading information and analytics with the expertise and technology you can rely on to fuel your business.
