

Cascade™

VOE

Avoid the hassles and inconsistencies of manual verifications

Dramatically improve efficiency, save time, and reduce costs involved with verification of employment and income with Certified Credit's Cascade VOE. This unique solution employs a rules-based engine to control the flow of vendor ordering, providing consistency and allowing you to cut processing time while maintaining loan quality.

Enhances Efficiency

One-time ordering reduces need to track multiple vendors, minimizing workflow interruptions.

Saves Time

Multi-level cascade increases the hit rate over manual verifications, freeing you up to focus on closing more loans in less time.

Provides Flexibility

Customizable set up puts you in complete control, allowing you to increase the number of vendors you use and the order in which you use them.

Predictable Cost

Standardized product ordering allows you to recoup operating expenses with predictable VOE costs in alignment with TRID requirements.

More Than Just a Score

At Certified Credit, we deliver more than just a score. We provide industry-leading information and analytics with the expertise and technology you can rely on to fuel your business.

Milestone Ordering

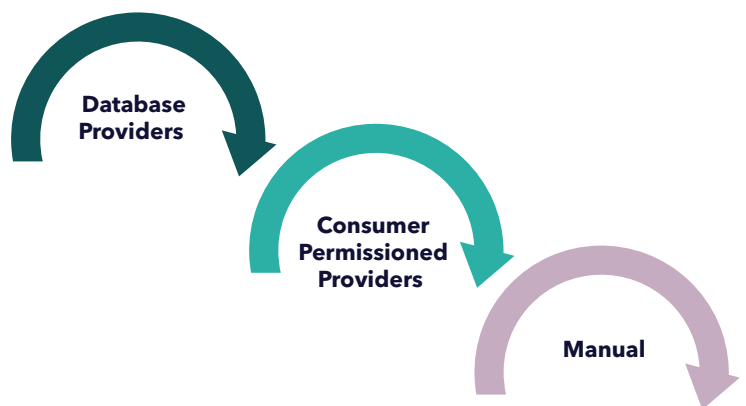

Streamline your mortgage manufacturing timeline to order VOE once the loan has achieved a specific milestone.

Improves Compliance

Documented process conforms to secondary market guidelines and LQI standards, reducing repurchase risk.

Reduces Costs

Pay only if Cascade returns a hit which saves you and your customers money.
